6) The financial condition of the Mandya Municipality is such that it will not be in a position to meet the expenditure of Rs 10,000/- from out of its funds. It would also be difficult for it to repay the loan if sanctioned by the Govt in the circumstances. The proposal of the Municipality to open a grain depot is for the grant of a loan of Rs 10000/- may not perhaps be sanctioned, as advised by the D.C. Mandya vide

Sir,

I have the honour to forward herewith a copy of report No H C 24/43-44 together with a copy of the resolution of the Municipal Council received from the President andya Town Municipal Council regarding the grant of a loan of Rs 10,000/- for opening a sales depot of the essential commodities by the Municipality The essential commodities are now being sold in - Government Depot and the Co-operative Stores in Mandya Town The offer of the Municipality to open a sales depot themselves with a view to relieve the difficulties of the rate payers of andya-

P T O

rate of payers of Mandya is no doubt very welcome but the Municipal Council want a loan of Rs 10 000/- for the purchase purpose which it is not possible at present to recommend There would be the question of supplies to the municipal Depot which would be difficult in the present circumstances In my opinion therefore the proposal of the Municipal Council does not seem to be feasible The resolution of the Municipal Council is however enclosed for the orders of Government

Sir,

Sub Resolution of Mandya Municipal Council praying for grant of a loan of R 10,000/- for ppening a sales depot at Mandya

---

I have the honour to invite reference to letter No A5-PR 96/43-44 dated the 12th November 1943 from the Deputy Commissioner, Mandya district on the above subject and to state that the system of organising - sales depots through municipalities has been approved by Government The Deputy Commissioner, Mandya District states that the essential commodities are at present being sold in Government Depot and the Society Stores and he is therefore of opinion that it is not necessary to permit the municipality to open any depots In view however, of the needs to minimise Government expenditure and also to encourage local bodies and Co-operative Stores wherever such agencies are forthcoming to do philanthropic work I am of opinion that the proposal of the municipality to open a sales depot may be accepted, if suitable safeguards are provided to ensure its satisfactory working The loan prayed for may be kindly sanctioned provided the financial position of the municipality is sound ~~and if suitable security is forthcoming.~~

I have the honor to be,
Sir,
